Are you suffering from fatigue after cancer?

Have you had cancer in the past, but are you still suffering from fatigue? Then please apply for the study *Fitter na kanker*. In this study we will investigate two different internet interventions. Participants are offered an internet intervention that is guided by a psychologist or physiotherapist. For more information and application, go to [www.fitternakanker.nl](http://www.fitternakanker.nl). *Fitter na kanker* is a collaboration between the Helen Dowling Institute and Roessingh Research and Development, and is subsidized by the Alpe d'HuZes/KWF-fund.
