## Authorship Correction

The authors of "Online Social Networks and Smoking Cessation: A Scientific Research Agenda" (*J Med Internet Res* 2011;13[4]:e119) inadvertently omitted Raymond S. Niaura from the list of authors during the submission process. The author Niaura should have been added after M. Justin Byron in the originally published manuscript. This error has been

corrected in the online version of the paper on the JMIR website on January 11, 2012, together with publishing this correction notice. This was done before submission to Pubmed Central and other full-text repositories, but after submission to PubMed/Medline. Correction of the Pubmed/Medline record will be requested and will be done by the National Library of Medicine (NLM). The Crossref/DOI record has been corrected by the publisher.

*Edited by G Eysenbach; This is a non-peer-reviewed article.submitted 11.01.12; accepted 11.01.12; published 11. 01.12*
