(*J Med Internet Res* 2018;20(8):e11702) doi: [10.2196/11702](https://doi.org/10.2196/11702)

The authors of “Smartphone Cognitive Behavioral Therapy as an Adjunct to Pharmacotherapy for Refractory Depression: Randomized Controlled Trial” (*J Med Internet Res* 2017;19(11):e373) incorrectly listed “September 2, 2015” as the starting date of patient eligibility assessment. However, “September 2, 2014” is the correct date.

The correction will appear in the online version of the paper on the JMIR website on August 31, 2018, together with the publication of this correction notice. Because this was made after submission to PubMed, Pubmed Central, and other full-text repositories, the corrected article also has been re-submitted to those repositories.
