Correction of: <https://www.jmir.org/2022/9/e38497>

(*J Med Internet Res* 2023;25:e47277) doi: [10.2196/47277](https://doi.org/10.2196/47277)

In "Preliminary Investigation of Shift, a Novel Smartphone App to Support Junior Doctors' Mental Health and Well-being: Examination of Symptom Progression, Usability, and Acceptability After 1 Month of Use" (*J Med Internet Res* 2022;24(9):e38497) the authors noted one syntax error:

A total of 222 female (n=156, 70.3%; mean age 29.2, SD 4.61 years) junior doctors provided full baseline data.

The corrected version is:

A total of 222 (n=156 female, 70.3%; mean age 29.2, SD 4.61 years) junior doctors provided full baseline data."

The correction will appear in the online version of the paper on the JMIR Publications website, together with the publication of this correction notice on April 3, 2023. Because this was made after submission to PubMed, PubMed Central, and other full-text repositories, the corrected article has also been resubmitted to those repositories.

This is a non-peer-reviewed article. Submitted 14.03.23; accepted 14.03.23; published 03.04.23.
